embedded in your Frog Street Toddler, Preschool, and Pre-K programs.

WHAT YOU'LL SEE EVERY DAY IN OUR CLASSROOMS

Early Brain Research Informed Learning

Research-based curriculum designed for meaningful early childhood development.

Whole-Child Development

Focuses on language, literacy, social-emotional, physical, and cognitive growth.

Intentional Teaching

Thoughtfully planned learning experiences that nurture growth through play and joyful experiences.

Everyday Moments

Learning happens through relationships, singing, playing, and exploring.

Our school uses Frog Street because it aligns with how children learn and develop best!
It looks like play but builds a lifetime of learning.

HOW YOUR CHILD WILL GROW & LEARN

Every experience develops multiple areas of learning at the same time!

Language & Literacy

Frog Street provides rich conversations, joyful stories, songs, and purposeful experiences that build confident communicators, readers, writers, and lifelong learners.

Cognitive

Frog Street provides hands-on exploration, mathematical thinking, and STEAM experiences that inspire curiosity, problem-solving, creativity, and critical thinking.

Social-Emotional

Frog Street provides intentional social-emotional learning that helps children understand emotions, build friendships, solve problems, and develop confidence.

Physical

Frog Street provides active play and purposeful movement to build strength, coordination, confidence, healthy habits, and lifelong wellness.

HOW WE GET TO KNOW YOUR CHILD

We don't assess children to label them, rather we observe them to understand them as individuals.

Observe your child during organic or guided play experiences.

Listen, interact, question & discuss.

Document your child's growth using age-appropriate developmental milestones throughout the year.

Build family conversations and partnerships.

DAY IN THE LIFE AT School

Through our partnership with Frog Street:

Start each day by building relationships, confidence, and a sense of belonging.

Inspire learning through read-alouds and hands-on experiences that spark curiosity and critical thinking.

Strengthen language, literacy, math, science, and STEAM through playful, developmentally appropriate instruction.

Encourage children to explore, create, solve problems, and apply new skills through guided and free play centers.

LANGUAGE DEVELOPMENT IN TODDLERS

Through our partnership with Frog Street:

- Grow language through meaningful conversations, stories, songs, and playful interactions.
- Build vocabulary and early literacy skills with books, rhymes, dramatic play, and hands-on experiences.
- Encourage children to speak, listen, ask questions, and share ideas as they explore and discover together.

COGNITIVE DEVELOPMENT IN TODDLERS

Through our partnership with Frog Street:

- Hands-on exploration encourages children to ask questions, solve problems, and discover how things work.
- Playful math, science, and STEAM experiences help children sort, count, compare, build, and investigate.
- Open-ended activities inspire creativity, critical thinking, and confidence through exploration and discovery.

SOCIAL & EMOTIONAL DEVELOPMENT IN TODDLERS

Through our partnership with Frog Street:

- Learn to recognize feelings, express emotions, and build positive relationships through everyday experiences.
- Playful interactions help children practice sharing, taking turns, and solving simple social problems together.
- Intentional guidance builds confidence, independence, empathy, and self-control through caring relationships.

PHYSICAL DEVELOPMENT IN TODDLERS

Through our partnership with Frog Street:

- Active play helps children build balance, coordination, strength, and confidence through movement and exploration.
- Hands-on experiences strengthen fine-motor skills for drawing, building, dressing, and other everyday tasks.
- Music, movement, and outdoor play encourage healthy bodies, growing independence, and joyful learning.
